

The 14th International Conference on Hydroinformatics (HIC 2020) calls for **extended abstracts** to be submitted for possible participation in the most relevant forum on the topic. The Conference will be an excellent opportunity to exchange ideas, promote innovative technologies, and create new and broader collaborations with the aim of finding solutions for water management and the preservation of the environment.

Extended abstract characteristics:

Content:

1. Original
2. Unpublished
3. Innovative
4. *Ad hoc* with the Conference general topic
5. Adhered to international ethical standards

Structure:

1. Title
2. Author(s) and affiliation(s)
2. Abstract
3. Keywords
4. Introduction
5. Materials and methods
6. Preliminary results
7. References (as per APA guidelines)

Submissions considered to be commercial in nature will not be accepted.

Format:

1. Up to four pages (numbered)
2. Font: Arial, 12 points
3. Single spaced
4. Top and bottom margins: 2.5 cm; left and right margins: 3 cm.

Language:

English.

Selection:

Submissions will be peer-reviewed.

Deadlines:

Abstract submission: January 7th, 2020

Abstract acceptance notification: February 15th, 2020

Full paper submission: February 28th, 2020

Preliminary program: February 2020
